FU HUI SCREW INDUSTRY CO., LTD.

Fu Hui Screw Industry Co., Ltd. was founded in 1978 by President Michael Tang, located in Kangshan, Taiwan. Under the Leadership of Mr. Tang, Fu Hui Screw is well-known for manufacturing the Custom Engineered Fasteners with commitments on excellent quality products and punctual delivery.

We are a team of professional and experienced fastener technicians with great emphasis on meeting the design specifications and International Fasteners standards. Therefore, Fu Hui staffs stringently comply to TS 16949 & ISO 9001 Quality management guidelines and ensure that product inspection is performed at every stage of production processes. At the same time, continuous improvement on production efficiency and suggestion on cost-saving approach is one of our value-added services to customers, for providing quality products at more competitive prices.

Fu Hui Screw greatly appreciates the recognition from our customers over the years, in considering us their Class A and Reliable supplier. We would continue to work hard and strive to build the Win-Win partnership for Customers and Fu Hui !!

Office Lobby

Production Capability |

Production Range

Diameter: 5/16" – 1" (M8 – M24)
Length: up to 350mm

Material Capability

Alloy Steel / Mid-Carbon Steel
Low-Carbon Steel / Boron Steel
304 (A2) / 316 (A4) Stainless Steel
Brass / Copper / Silicon Bronze
Aluminum Alloy /
Corrosion Resistance Steel / and more...

Compliance to IFI / DIN Standards, Automotive, and Customer Specifications

Finish Availability

RoHS Compliance (Chrome VI free) plating / Geomet / Dacromet / Delta-Protekt
Zinc-Nickel Alloy plating / Electropolyseal / Zinc Phosphate / Nylon Patch
Special finish per Automotive specifications and more.

Stainless Steel Bolts

Special Material Bolts

Our Speciality |

Fu Hui's strength lies in our capability of manufacturing Multi-stage bolts and Special parts, which requires many 2nd operation processes. Therefore, we welcome the challenge of producing high precision and tight tolerance custom-design bolts per customer prints.
